STANDARD FORM 30 (REV.10-

The purpose of this amendment is to change the closing date and time of receipt of Offerors for subject solicitation, which is hereby **extended to April 17, 2002 at 3:00pm** Eastern Standard Time(EST), Fort Belvoir, and to address a question from a potential Offeror.

Question: Is there information available concerning the location of historic or cultural areas within Ft. Rucker? or Are there any historic areas within the base?

ANSWER: There are 13 sites of historical and cultural significance within the Fort Rucker reservation boundaries. These areas are all in very remote parts of the reservation.

-These sites do not currently lie in any proximity to any existing utility easements.

-The Fort Rucker Cultural Resources Management Plan states that these sites are protected by a non-disclosure rule as part of the National Environmental Policy Act of 1969. Therefore, the list and locations of these sites will not be released to the public. However, policies currently in place call for submission of proposed construction on the Fort Rucker reservation to the Department of Engineering Logistics, Environmental Division, to be evaluated in accordance with NEPA regulations and the Fort Rucker Cultural Resources Management Plan. Reviews are usually conducted in several days time and in the event of a conflict with construction, an alternate routing or plan will be proposed.

All other Terms & Conditions shall remain unchanged and in full force and effect.
